Run-flat Technology.

5 GOOD REASONS FOR ORIGINAL TYRES WITH STAR MARKING.

ORIGINAL BMW TYRES WITH STAR MARKING.

To ensure safe travel and unlimited driving pleasure at all times, all BMW Wheels and Tyres not only undergo an intensive selection and testing process, they are also matched to the overall concept of the relevant BMW model down to the last detail. Every time you purchase a tyre, be sure to look out for the star symbol on the side wall. Your BMW Partner will be glad to advise.

1
FITTING.

Original BMW Tyres with star marking:

- Developed in collaboration with leading tyre manufacturers.
- Designed to precisely match the respective model and its control systems.
- Ensure excellent drive response in all weather conditions.

2
TESTED.

Intensive selection and testing procedures:

- All Original BMW Tyres undergo extensive simulations and practical tests to demonstrate their suitability.
- As many as 50 criteria have to be fully met.

3
SPORTY.

Special UHP (Ultra High Performance) Tyres:

- Provide maximum grip and excellent ride stability.
- Ensure dynamic performance.
- Support precise steering response at extremely high speeds and a sporty driving style.

4
SAFE.

Tyres with emergency running properties (Run-Flat Technology):

- Provide additional safety due to special reinforcements in the side walls.
- Retain directionally stability even in the event of complete pressure loss, maintaining the function of important safety systems such as DSC, ABS.
- Enable travelling to be continued over a distance of approx. 80 km (at 80 km/h if the automobile has a medium load) to the nearest workshop.

5
ECONOMICAL.

Tyres with reduced rolling resistance:

- Reduced tyre deformation due to the use of special materials for the contact surfaces and side walls.
- Emissions and fuel consumption are reduced on every straight and on every bend.
